DEATH OF WILLITS MAN THOUGHT TO BE SUICIDE

FORT BRAGG, April 5:—Elmer Moxley was found dead in his automobile with two bullet holes in his body Sunday afternoon about three and a half miles out on the Willits road. The machine was parked on an abandoned road 150 feet off the main highway. He lay partly crouched in the tonneau of the car with his rifle under him.

The fact that there were two bullet holes—one in the breast and the other in the head—from a 30-30 rifle, caused some speculation at first as to whether it was a case of murder or suicide.

It was necessary to hold two inquests. The first jury disagreed, and the second rendered a verdict of suicide.

Sheriff Byrnes and Deputy Sheriff Ward Reise investigated the case thoroughly and are convinced that it is a case of suicide.

Circumstances leading up to the tragedy are said to have included family troubles, Mrs. Moxley having left her husband at Willits and returned to her parents at Albion. Moxley disposed of his garage business in Willits and came to the coast two months ago. He worked at Caspar and Fort Bragg. It is said that he called upon his wife at Albion several times and tried to persuade her to return to him. He last saw her on March 25, it is said.

That Saturday evening he borrowed a 30-30 rifle and four cartridges from L. F. Thompson, saying he was going out to the Half-Way House to kill a deer. He is believed to have been seen the next morning (Sunday) driving north in his car near Mitchell creek.

As Chris Hanson, local jitney driver, made a trip out the Willits road that afternoon, he noted the car, which was only partly visible, as it stood on the side of the road.

The following Sunday, April 2, he again had business in that section and saw the car was still there. Believing someone had broken down he went to investigate and found Moxley's body. All the curtains of the car were buttoned down.

Doubt as to the motive of death arose from the fact that from outward appearance it looked as if one shot had done through Moxley's heart, while the second had blown the top of his head off.

A close examination of the body, however, showed that the breast wound was below and to the side of the heart.

The offices are of the opinion that Moxley stooped over the gun and aimed the muzzle at what he believed to be his heart. An experiment with a rifle in this position will prove, however, that as the right hand is extended to pull the trigger the body partly turns in the same direction, which very likely accounts for the wound to the side of the heart. It is then believed that Moxley placed his head over the gun and fired a second time. The bullet entered near the ear and blew the top of his head off.

Two bullet holes were found in the top of the car and there were two distinct prints in the rubber matting on the floor of the tonneau which were caused by the recoil of the gun. Moxley's body was powder burned at the entrance of each wound.

All four of the borrowed cartridges were accounted for. There were two in the magazine, a discharged one in the chamber and an empty one on the floor of the car.

Moxley was born and raised at Willits and was 22 years old. A mother and two sisters residing in Santa Rosa, a brother at Glen Blair, and a wife and son at Albion survive.

Mrs. Donald Brown departed the first of the week for Chico to join her husband, who has charge of the Associated Oil plant in that city. She was accompanied by Mrs. Leta Ford, who is remaining with her for a week's visit in Chico. The trip was made by motor with Mrs. Ford at the wheel, and was made without mishap and in record time, according to word received by Mrs. Ford's parents, Mr. and Mrs. Frank Albertson, the average speed being nearly thirty miles an hour.

Mrs. Ford has demonstrated her ability as a driver on numerous occasions before.

BENEFIT IS PLANNED BY UKIAH KOSMOS CLUB

"Experience" by George Fitzmaurice, with Richard Barthelemess as "Youth" will be presented at the Victory theatre, Monday evening, April 10th, as a benefit for the Kosmos Club. This Paramount production of "Experience" is a picturization of Geo. V. Hobart's great play of the same name,— a soul-strring, heart-gripping story of human experiences, throbbing with the heartbeat of the world. The story of Youth, who goes to the city to make his fortune, but who falls under the sway of Beauty, Pleasure, Wealth and Temptation, but love follows him, and beckons him home again. The history of the world has been written in love stories, but this is its greatest one.

The announcement that George Fitzmaurice, who is so well known for his technic as director, has supervised the production of "Experience," is creating an unusual demand for the picture. Richard Barthelemess, the popular young screen actor, is the featured player, while Marjorie Daw has the leading feminine roll. An unusually large and clever cast of players, nearly thirty in all, appear in the picture, while from the standpoints of story, scenic investiture, costuming and acting, it leaves little or nothing to be desired. Don't fail to see it! Tickets are on sale by the Kosmos Club members, and also at the theatre. The proceeds will be used to help defray the expenses of the County Federation, which meets in Ukiah April 15th.

WILLITS MAN WILL MAKE RACE FOR COUNTY CORONER

B. F. Watson, of Willits, was a county seat visitor last Tuesday looking over the political field. He has announced his candidacy for the office of coroner and public administrator at the primary election August 29, and his announcement appears in the political column of this week's Dispatch-Democrat.

Mr. Watson is a well known business man of Willits, where he is engaged in the undertaking business, and has been a resident of the northern city for a number of years. He has at all times been actively identified with the progressive element of the town and is a "go-getter."

He is very popular throughout the northern section, and has the elements of a strong candidate, and if nominated and elected would make a very competent official.

A lodge of Pythian Sisters, to be known as San Hedrin lodge, was organized in Ukiah last Saturday night, a degree team and some fifty visitors from the Healdsburg lodge coming to this city to carry out the work of organization.

Fifty-five members were taken in by the local lodge, 27 being lady members and 28 being honorary members of the Knights of Pythias.

A banquet followed the work of initiation and installation and entertainment features were provided, among which was singing led by Vincent Giorno.

The new lodge starts under very bright auspices.

McCALLUM FREED BY JURY AFTER SEVERAL HOURS

The jury in the case of the People vs. Neil McCallum, accused of the murder of his brother-in-law, Wm. Kirkland, at Point Arena, freed the defendant last Wednesday afternoon, following a period of deliberation lasting about six hours. The general opinion about town was to the effect that a conviction would not be secured, owing to the peculiar circumstances surrounding the case. District Attorney L. I. Gibson and Atty. Wallace Ware worked hard on the case, their line of prosecution being based on the theory that the murder was committed out of a spirit of revenge, and was premeditated; that McCallum had obtained the revolver and prepared himself to kill Kirkland whenever the latter should appear at the McCallum home, which McCallum knew he would inevitably do.

The defense, conducted by Attys. Held and Kingren, worked on the line of reasoning that McCallum had acted in defense of his home and his sister's honor.

McCallum's character and reputation, which had always been irreproachable, and the dead man's alleged evil conduct toward his wife and family had a large bearing on the verdict.

It is understood that the jury stood nine for acquittal, two for manslaughter and one for first degree murder on the first ballot and 11 for acquittal and one for murder on the remaining ballots. The lone juryman hung out until about 4:15 in the afternoon.

Morgan Whitcomb was down from Willits on business yesterday, accompanying Deed Wimmer.

Fine Winery Burned Wednesday Afternoon

The winery building on the Finne ranch a short distance above Calpella was destroyed by fire last Wednesday afternoon. It is understood that there was no wine in the building but there was a considerable amount of valuable cooperage, all of which was destroyed.

The fire caught in the roof and is thought to have been started by a spark from a brush fire which had been set out some distance to the windward of the building.

"JACKASS" JAG PROMPTS FREAK SUICIDE ATTEMPT

FORT BRAGG, April 5:—Andrew Anderson pulled the freak suicide attempt of the season Monday afternoon when he deliberately placed his neck across the railroad track in front of the local passenger train as it was starting up at Clair Mill.

All that prevented a decapitation ceremony was the quick eye of Fred Goranson, engineer, who applied the emergency break and brought his train to a standstill with the front wheels of the locomotive less than two feet from Anderson's neck.

The cow-catcher struck Anderson in the side of the face and shoulder and disfigured his appearance considerably, without serious results.

In describing the near-tragedy, Engineer Goranson stated that he saw Anderson and another man talking at the side of the engine as he was drawing water. They then disappeared from sight, but just as he was starting up on a down grade, Anderson walked quickly out from behind a cabin, crouched down and placed his chin over the rail face downward and calmly awaited results. The blow from the cow-catcher was not sufficient to turn him over. He sat up on the ground before anyone had time to get to him.

Anderson had worked at Clair Mill for some time. It is said that he was on a jag here for several days prior to returning to the woods the middle of last week, since which time he had not worked and had appeared to have been "all shot to pieces."

It is also said that he previously attempted to commit suicide by cutting his throat.

The financial statement of Mendocino county for the fiscal year of 1920-21, which was issued recently by County Auditor J. J. Mathews, has occasioned a great deal of favorable comment by reason of the comprehensive and clear manner in which it sets forth the facts in regard to county finances. The compilation of the book was the work of Deputy Auditor Harry E. Bonnel, who deserves the utmost credit for the able manner in which the subject matter was put forth.

Mr. Bonnel was formerly a deputy auditor in Los Angeles and came here highly recommended. His work fully bears out the recommendations as to his ability.

COLBERG FOUND GUILTY; CASE WILL BE APPEALED

FORT BRAGG, April 5:—Axel Colberg, who was arrested here in February on a charge of having liquor unlawfully in his possesion, was found guilty by a jury in Recorder Chapman's court Saturday.

The case opened Friday morning with Hale McCowen, Jr., of Ukiah, conducting the prosecution and Leonard Stone conducting the defense. It continued through Saturday and the jury, which was made up of the following, was out four hours:

I. G. Utschig, Mrs. Jennie Maurer, Mrs. D. Ross, Mrs. Wm. Berry, Mrs. Hattie Tuttle, Mrs. P. W. Smith, Mrs. Eri Huggins, Mrs. Geo. Taylor, Mrs. Walter Swanson, Mrs. A. Nurmberger, Mrs. Geo. Berryhill, Mrs. C. R. Kjeldsen.

SHERIFF ARRESTS SUSPECTS IN WESTPORT P. O. ROBBERY

Sheriff Byrnes and Deputy Sheriff Ward Ries were called to Wesport the first of the week to investigate the robbing of the postoffice at that place, which took place Sunday night.

As the result of their investigation they took into custody the Van Harelson and Kruger boys. The boys admitted some other petty thieving and the officers were of the opinion that they extended their operations to the postoffice robbery.

The amount taken was $73. The postoffice is in the Frank Haas store. Entry was gained through a window.

Mr. and Mrs. Ike Burke were over from Boonville the first of the week. Two of their children were on the Boonville debating team, which won from Ukiah.

New Candidate Looms For Superintendency

Mark Eglin, a well known rancher of the Albion section, was a county seat visitor this week, being summoned on jury duty. Rumors that Mrs. Eglin might be a candidate for the nomination for superintendent of schools at the coming primary election in August, which have been rife of late, were confirmed by Mr. Eglin, who stated that Mrs. Eglin had received some very flattering encouragement to get into the fight and was thinking very seriously of doing so.

She is principal of the Albion school, where she has made a marked success.

She was formerly Mrs. Chester Scott, of Fort Bragg, and is well and very favorably known throughout the coast section.

MANY NEW CASES FILED IN THE SUPERIOR COURT

Atty. A. L. Wessels held the spotlight in the superior court this week as regards new cases filed, four out of the eight put on the record being filed by him.

His first complaint was brought in behalf of Douglas Walker against P. Morseberger and others, seeking to foreclose a mortgage and a chattel mortgage on which there is a balance due of $1700. The complaint also seeks $200 fee and costs.

The second is by Sarah Davis against Frank Davis, a complaint in divorce, alleging failure to provide and desertion. The couple was married in Ukiah August 16, 1920.

In behalf of the T. J. Weldon estate he has filed a complaint in foreclosure against A. B. Willis, seeking to recover $772.15 and costs and $100 attorney fee.

In behalf of the same estate he has filed a foreclosure proceeding against J. H. Swift to recover $275 and $75 fees, besides costs.

A contest is developing in connection with the estate of Henry Henley, of Covelo, which is appraised at about $22,500. The deceased left a will naming his widow as executrix and directing that the business of the estate be handled by Atty. Geo. Redwine, of this city. Redwine has filed the will and petition. On the other hand, Atty. Will Van Dyke has filed a petition in behalf of George Ells. Ells has obtained an agreement from the widow waiving her right to letters testamentary, and nominating Ells for the position. The principal question is as to which attorney receives the appointment to represent the estate, as the fee will be a substantial one.

Through Mannon & Mannon, Walter Parrish has applied for letters of administration on the estate of Sarah Parrish, deceased, valued at $3,000.

Through Keith Eversole, R. L. Cleveland has applied for admission to probate of the will of Eunice McCartney. The value of the estate is about $1,000.

PIONEER MOTHER HONORED

Last Tuesday brought together a happy gathering of the members and friends of the Ladies' Aid of the Baptist Church, when they were entertained at the home of Mrs. Hattie Thornton in honor of her mother's (Mrs. Blake's) birthday. The good woman was taken thoroughly by surprise, when the twenty or more ladies were ushered in greeting her with loving wishes for "many happy returns of the day." After a short program the afternoon was devoted to social pleasures in this beloved mother's honor. Delicious refreshments were served by the hostess, assisted by Mrs. Pearle Crawford and Mrs. Hugh Blake. Beautiful blue and white hyacinths from the garden of Mrs. Bert Cleland provided the table decorations. The esteemed guest was given a handkerchief shower and so pleasant was the social atmosphere, that the guests were reluctant to disperse.

Mrs. H. B. Smith was a visitor to San Francisco this week.

C. A. BERNHARD would appreciate your vote for trustee of Ukiah City at the election to be held the 10th of April.

He does not represent any particular group of citizens and has no personal ax to grind. If elected it would be his aim to work for those things which seem to be for the best interests of all the people as the subject appears at the time of consideration.

He feels that he is competent to give good service: first, because of his business training and experience; and second, because of his special training and education along mechanical and engineering lines.

Will you kindly think this over and talk among your friends. Bear in mind that there is no salary attached to this office and that it should be filled by competent citizens who will give their time abundantly to the demands of the city's properties and problems, such as Lights, Gas, Water and Streets.

Mr. Bernhard pledges his very best efforts to all these subjects if elected.

Chamber of Commerce Activities

At the meeting of the Board of Directors of the Chamber of Commerce Monday evening President Robert Austin reported that he had been advised by Division Engineer F. G. Somner of the State Highway Commission that the grading and widening of the highway from Burke's hill, just south of Ukiah, to a point two miles north of Hopland, is to begin, perhaps, within the next fifteen days, or certainly at a very early date. Also, that a crew of surveyors is now in the field surveying the road from Mountain House to Navarro. Mr. Somner also advised that the contract for the road improvement between McDonald and Boonville, a distance of twenty-five miles, will be awarded the latter part of the summer or early next fall. The surveying work between Mountain House and Navarro will require the entire summer to complete, according to Mr. Somner. It was in the interest of the road from McDonald to the Sea that the mass meeting was held at Boonville on the evening of March 25th at which time a large delegation from Ukiah was present and pledged its best support to assist Anderson valley in any projects that might tend toward the betterment of conditions in that section of the county.

The Chamber of Commerce also received a delegation of Redwood valley citizens, men and women, Monday evening and heard three separate and distinct appeals for assistance in remedying certain conditions existing in that neighborhood. Alex Kauhanen acted as spokesman for the Redwood valley delegation. These complaints dealt with the dangerous crossing at the intersection of the Westside and county roads; the impassable condition of the county road leading from Redwood station to adjacent farms and ranches and another hazardous crossing at the intersection of the westside road and the highway beyond Forsythe Creek. The Chamber of Commerce will lend its best assistance to the citizens of Redwood valley in obtaining the desired remedial relief.

The Ukiah Chamber of Commerce at the meeting of the Board of Directors Monday evening gave its hearty endorsement to a project submitted by the Mendocino County Chamber of Commerce to prepare and project three thousand feet of movie films depicting the attractiveness and scenic beauty of Mendocino county at an early date. President Robert Austin of the Ukiah Chamber of Commerce, who also is secretary of the county organization advised that the expense of production is to be allocated among different organizations of the county and requested the Ukiah local organization to appropriate an amount not to exceed $500. Fort Bragg, Willits and other chambers of commerce, Mr. Austin said, would subscribe their quotas.

When the reels of film are ready to be shown they will be exhibted at the Ferry building in San Francisco, the Los Angeles Exposition building and in different parts of the United States. This project is in line with that of some of the most active and successful organizations in the west and those who have previously resorted to this class of publicity are enthusiastic in pronouncing it the very best that has ever been promulgated.

REDWOOD VALLEY NEWS NOTES

REDWOOD VALLEY, April 5.—At the school election last Friday B. F. Wilbourne was elected trustee, while Mrs. O. A. Huber received the advisory vote for appointment to the vacancy on the board.

For high school trustee only Alec Kauhanen's name was printed on the ballot but O. P. Wells' name was written in, Wells receiving 64 votes to 35 for Kauhanen.

The vote for grammar school trustee stood Wilbourne 44, Mrs. O. A. Huber 28, Mrs. Nels Nelson 27. Mrs. Huber ran away with the advisory vote for appointment receiving 46 votes to 16 for her nearest competitor.

Mr. Hamburger is planning to plant grapes in his peach orchard. The peach trees will be removed later.

Bill Pickle and M. Cristy graded up the road from Salt Hollow to Gifford's in fine shape. They dug up the gravel first and then graded it up, using a tractor for power.

Cletrac is Easy Winner OverAdverseConditions

In spite of the fact that it rained on Friday the demonstration of the Model "F" Cletrac was made on Saturday afternoon on the baseball grounds south of town. The grounds were muddy and several inches of water stood on the surface in many places. The little tractor, however, pulled three ten inch plows through the mud and water with ease. This performance convinced every one who saw the demonstration that the Model "F" Cletrac would successfully handle three ten inch plows under the most adverse conditions. It was also surprising the ease with which the tractor pulled this heavy load for apparently the motor was not laboring in the least.

The ability of this little tractor to pull heavy loads, its wonderful traction, together with the exceedingly low price of $735.00 at Ukiah, makes this type of the Clectrac an exceptionally good investment for the rancher.

Mendocino County Has Best of Everything

By J. B. SANFORD

Everything was going along nicely relative to the judicial offices in the state until just recently. It looked as though all the candidates for the supreme bench would have easy sailing. There was no opposition seemingly to any one on the bench who desired to run for re-election. Then suddenly some attorney "spilled the beans", as the saying goes.

This attorney got up a circular letter and had it signed by quite a few attorneys and addressed it to the various attorneys throughout the state urging them all to get in behind the members of the supreme court who were candidates for re-election. This circular letter fell under the eagle eye of Edw. H. Hamilton, political writer on the Examiner, one of shrewdest and fairest on the coast, and he at once noticed that this attorney and all who had signed the circular letter were the attorneys for big corporations. Not a "little" lawyer among the bunch. This looked "funny" so to speak. The lawyers for big business usually think as big interests think. Suppose that a court were selected by attorneys for big corporations and a contest should arise in which big interests were trying to "put something over," how would the court stand? This caused every one to sit up and take notice. Attorneys for the people began to suggest the names of some other men capable of filling a place on the high court, and now we are going to have some contest over those judicial positions.

Among the names suggested as a suitable candidate for associate justice of the supreme court is Judge Emmet Seawell, of Sonoma county, one of the ablest jurists in the state. He thinks right and throws a little humanity into his decisions and would honor the supreme court. The people will make no mistake in voting for Judge Seawell. He has had a long honorable career on the bench in Sonoma county and should be promoted to the supreme court. What is wanted on the supreme bench is a group of judges like Judge Seawell—just, honest and square.

Mendocino county can almost claim Judge Seawell as her own son, as Mendocino county was once a part of Sonoma. Then Judge Seawell has sat on the bench here so many times that he is known and beloved by every one in the county. All of his decisions have been eminently satisfactory. We like the name of Seawell, for his brother, the Hon. J. H. Seawell, was Mendocino's ablest man for many years, and 24 years ago was a candidate himself for the position of associate justice of the supreme court, and only lost the nomination by a fluke in the convention. It is safe to say that every man and woman in Mendocino county will vote for Judge Emmet Seawell for associate justice of the supreme court on account of his many splendid attributes and in memory of his beloved brother, our state senator for years.

This stir among the candidates for member of the supreme court has also extended to the Chief Justiceship, and Judge E. C. Hart, of the court of appeals, has announced his candidacy for that position. He is just the man for the position and will get a great vote in northern California. Men like Hart and Seawell are the kind of men that we need on the highest court of the land. Let the people get behind them at once and boost and keep boosting until the election is over.

A good Republican friend approached me the other day and said "Gray Eagle, you have been doing your best to get some Mendocino county man to run for a place on the state ticket. You tried to get a Republican for Governor in John L. McNab and then you tried to get a U. S. Senator in his Democratic brother Gavin. Let me give you a tip on a good Republican that can be nominated and can win: that's A. J. Fairbanks, chairman of your board of supervisors."

"Well, if that's the case, by golly I'm for Fairbanks," I said. "What are you going to run him for?" I asked. "Why run him for the board of equalization of course," he said.

He went on to state how well known Fairbanks was and that he was especially strong in Mendocino, Napa, Sonoma, Humboldt, in fact in all the counties in the district. Also that Fairbanks had built some state highways and that the work was first class. Paid him a compliment as to his ability to judge the value of property, just what an equalizer should know.

I give you this for what its worth. I see that Fairbanks has announced himself as a candidate for re-election to the board of supervisors, and it is not my purpose to butt into his business and disturb his plans, but it is worth thinking over. I would like to see some man from Mendocino county honored by one of the two great political parties. If you want a good Republican, go to Mendocino county; if you want a good Democrat, go to Mendocino county; you will get the real thing there. I don't see how the state can be run without some man from Mendocino county being connected with the administration of affairs.

A Cletrac Now For Any Job on Every Farm

Cletrac Model F

The New Convertible Cletrac Model F is entirely different from any tractor you have ever seen before. It is available in 3 types—any one quickly and easily convertible to either of the other sizes. The three types are identical except for width and clearance. They measure 32 in. wide by 8 in. clearance—43 in. wide by 8 in. clearance—43 in. wide by 14 in. clearance. Cletrac F will fit *any* farm—*any* crop.

Here is a tractor with an unheard of price for a crawler-type machine—that will plow 6 to 8 acres a day, disc, seed, hay, harvest, haul and handle belt work.

Here is a tractor, too, that will CULTIVATE any row crop—corn, cotton, potatoes, garden truck, tobacco, etc. The Cletrac line includes two cultivators—Cletrac 2-Row and Cletrac Straddle-Row—which can be attached to Cletrac F in 2 minutes.

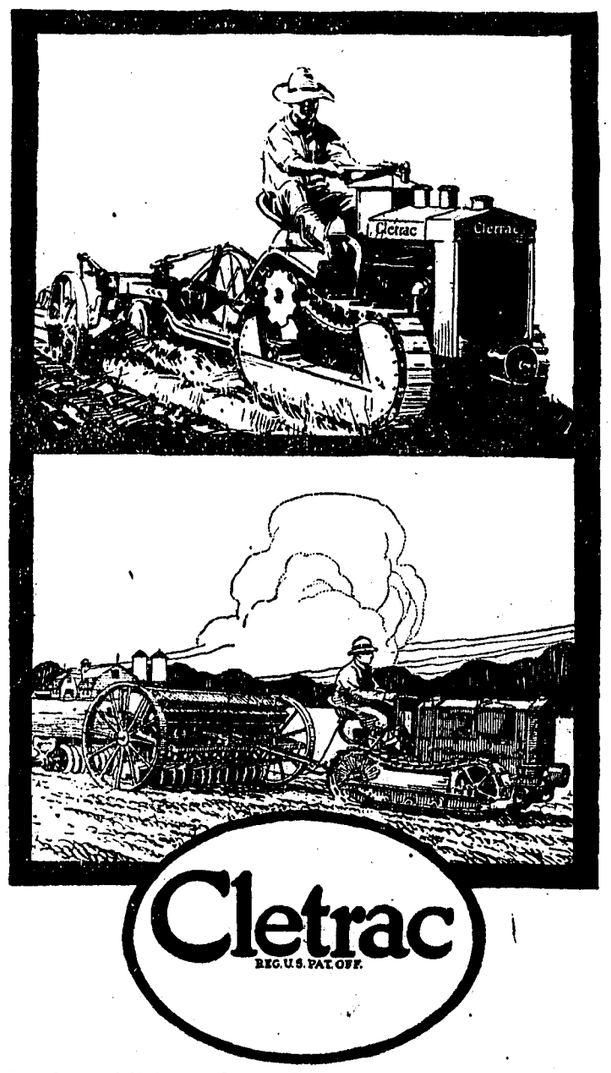
You'll agree there is no other value on the market to equal Cletrac F. Unique for simplicity—no oil or grease cups. Chrome steel construction.

Cletrac Model W

This is the tractor that has made Cletrac the largest selling tank-type tractor in the world—a thoroughly dependable, economical crawler-type tractor that will plow 8 to 10 acres a day, and will speed up all farm jobs in proportion.

Cletrac Model W turns in a 12-foot circle. It is easier to handle than a team. Its traction surface is 800 square inches—no fear of it ever miring in soft ground. Weighing only 3455 pounds, it exerts a square inch pressure of only 4½ pounds (much less than a man)—you can depend upon it not to pack the seed bed.

For the larger farms, for the fruit grower—Cletrac Model W has handled the work at a profit where other types of power showed a loss or could not handle the work at all.



Cletrac F is so simple in construction that you can quickly and easily get at any working part. There's just one central oiling point—no grease or oil cups.

Cletrac W has power, stamina and sensible crawler-type construction that insures "more kinds of work, more days in the year" and cuts costs on every job.

WITH the addition of the New Cletrac Model F, we can now offer a crawler-type Cletrac tractor to fit *any* farm—*any* crop.

More farmers every year are swinging over to the sensible crawler-type tractor. More every year are learning that power farming pays *best* with a tractor that will work under any weather and soil conditions.

Read what these two Cletracs will do. Then let us arrange a demonstration at your convenience. Both models are priced in line with the demand of the hour—within the reach of every farmer.

A class of thirty-nine young people greeted their new pastor Sunday morning at the Christian church at the bible school hour. The young men were one in the majority, but the young ladies affirm they will change the order next Sunday. Highest attendance in the bible school for many years. The new minister, Mr. A. N. Martin, preached morning and evening and made a very favorable impression.

Tom Jameson was among the prominent residents in town from Redwood valley Wednesday.

Franz Grothe and family, who were numbered among the flu victims, were able to be about again the latter part of last week.

Telephone Traffic

The signals of the traffic officer are obeyed instantly by the intelligent citizen, as he realizes that indifference means confusion and congestion.

Over the wires and through the switchboards of the telephone company there is a constant volume of traffic. Here there is also a signal—the ringing of the telephone bell. A great obstacle in the flow of this traffic is delay in answering the telephone bell.

Answer your telephone bell promptly. You will accommodate the party calling. Your own line will be more quickly cleared for other business.

"WET GOLD" IS PICTURE FILLED WITH THRILLS

No more amazing tale of adventure was ever depicted than that of the hunt for the treasure of the submarine pirates, buried in an old wreck at the bottom of the sea, in "Wet Gold," the new Williamson submarine picture, released through Goldwyn, which comes to the Victory theatre next Wednesday and Thursday. In it men are seen in divers' helmets, walking calmly out into the sea without an airline or lifeline, exploring the bottom of the sea for buried treasure, getting caught in submarine quicksands, entering and leaving the submerged submarine which is their rendezvous, and struggling for the possession of the treasure. And the villian is seen getting his just deserts at the hands—or perhaps we should say, at the mouth—of a shark.

The engrossing story, a part of which shows a spirited horse race on the famous Havana race course, was written by J. Ernest Williamson, the inventor of submarine photography, and is just about as thrilling as any adventure story ever was. Mr. Williamson engaged Ralph Ince to direct the production and to act the leading role. Others in the cast are Charles McNaughton, Aleene Burr, Thomas McGraine, John Butler, etc.

We are displaying now newest French models, overblouses, tunics and smart tailored waists for each and every individual need.
